

top\_block.top\_block.set  
\_delay\_samp

```
graph LR; A["top_block.top_block.set<br/>_delay_samp"] --> B["int"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'top\_block.top\_block.set' on the first line and '\_delay\_samp' on the second line. A dark blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'int'.
