

LMS\_GetChipTemperature

lms7002\_mainPanel::  
OnReadTemperature

```
graph RL; A[lms7002_mainPanel::OnReadTemperature] --> B[LMS_GetChipTemperature];
```

The diagram illustrates a function call. A blue arrow points from the 'lms7002\_mainPanel::OnReadTemperature' box on the right to the 'LMS\_GetChipTemperature' box on the left. The 'LMS\_GetChipTemperature' box is shaded gray, while the other is white.
