

getbit

```
graph LR; A[pnlBuffers::UpdatePanel] --> B[getbit]
```

A diagram showing a call from `pnlBuffers::UpdatePanel` to `getbit`. The `getbit` box is shaded gray, while the `pnlBuffers::UpdatePanel` box is white. A blue arrow points from the right side of the `pnlBuffers::UpdatePanel` box to the right side of the `getbit` box.

pnlBuffers::UpdatePanel
