

supermod::docURLLink

```
classDiagram
    class supermod_docURLLink["supermod::docURLLink"]
    class docURLLinkSub["doxyxml.generated.compound.docURLLinkSub"]
    docURLLinkSub --|> supermod_docURLLink
```

The diagram illustrates a class hierarchy. At the top is the base class 'supermod::docURLLink', represented by a white box with a thin grey border. It has two empty rectangular compartments below its name. Below it is the derived class 'doxyxml.generated.compound.docURLLinkSub', represented by a grey box with a thick black border. This class has three compartments: the top one contains the class name, the middle one is empty, and the bottom one contains the method '+ __init__()'. A blue arrow with an open triangular head points from the derived class to the base class, indicating inheritance.
