

`_wrap_soapysdr_echotimer`  
`_stretch_sptr_pc_noutput_items`

```
graph LR; A["_wrap_soapysdr_echotimer  
_stretch_sptr_pc_noutput_items"] --> B["SWIG_From_float"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is light gray with a black border and contains two lines of C++ code: `_wrap_soapysdr_echotimer` and `_stretch_sptr_pc_noutput_items`. A blue arrow points from the right side of this box to the left side of a white box with a black border on the right. This white box contains the text `SWIG_From_float`.

`SWIG_From_float`
