

std_map_Sl_std_string
_Sc_std_string_Sg__value
_iterator

```
graph LR; A["std_map_Sl_std_string  
_Sc_std_string_Sg__value  
_iterator"] --> B["swig::make_output_value  
_iterator"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the C++ iterator type `std_map_Sl_std_string_Sc_std_string_Sg__value_iterator` split across three lines. The right box is white with a black border and contains the SWIG output value iterator `swig::make_output_value_iterator` split across two lines. A dark blue arrow points from the right side of the left box to the left side of the right box.

swig::make_output_value
_iterator
