The diagram illustrates a class hierarchy. The base class, 'supermod::docXRefSectType', is shown in a white box with a thin black border. It has two empty rectangular compartments below its name. The derived class, 'doxyxml.generated.compound.docXRefSectTypeSub', is shown in a grey box with a thick black border. It contains the text '+ \_\_init\_\_()' in its bottom compartment. A blue arrow with an open triangular head points from the derived class to the base class, indicating inheritance.
