

fpga_read

lime::ConnectionNovenaRF7
::ReceivePacketsLoop

```
graph LR; A["lime::ConnectionNovenaRF7::ReceivePacketsLoop"] --> B["fpga_read"]
```

The diagram illustrates a function call. A box on the right, containing the text "lime::ConnectionNovenaRF7::ReceivePacketsLoop", has a blue arrow pointing to a box on the left, which contains the text "fpga_read". The "fpga_read" box has a light gray background, while the other box is white.
