The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains three lines of C++-style code: `_wrap_signal_generator`, `_sync_pulse_c_sptr_pc`, and `_throughput_avg`. The right box is white with a black border and contains the text `SWIG_From_float`. A blue arrow points from the right side of the gray box to the left side of the white box.
