

_wrap_print_results
_sptr_pc_work_time_total

```
graph LR; A["_wrap_print_results<br/>_sptr_pc_work_time_total"] --> B["SWIG_From_float"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains two lines of text: '_wrap_print_results' and '_sptr_pc_work_time_total'. A dark blue arrow points from the right side of this box to the left side of a second, white box. The second box contains the text 'SWIG_From_float'.

SWIG_From_float
