The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is light gray with a black border and contains three lines of C++-style identifiers: `_wrap_estimator_sync`, `_pulse_c_sptr_pc_work`, and `_time_total`. The right box is white with a black border and contains the text `SWIG_From_float`. A blue arrow points from the right side of the gray box to the left side of the white box.
