

tagged\_stream\_block

```
classDiagram
    class tagged_stream_block {
    }
    class gr_radarc_split_fsk_cc {
        + make()
    }
    gr_radarc_split_fsk_cc --|> tagged_stream_block
```

The diagram illustrates a class hierarchy. At the top is the 'tagged\_stream\_block' class, represented by a white rectangle with a black border and two empty internal compartments. Below it is the 'gr::radar::split\_fsk\_cc' class, represented by a gray rectangle with a black border and two compartments. The top compartment of the gray box contains the text 'gr::radar::split\_fsk\_cc', and the bottom compartment contains '+ make()'. A blue arrow with an open triangular head points from the top of the gray box to the bottom of the white box, indicating that 'gr::radar::split\_fsk\_cc' inherits from 'tagged\_stream\_block'.

gr::radar::split\_fsk\_cc

+ make()
