

pnlXBUF_view::pnlXBUF_view

```
graph LR; A[pnlXBUF_view::pnlXBUF_view] --> B[pnlXBUF_view::ParameterChange  
Handler];
```

The diagram illustrates a call to the constructor of the `pnlXBUF_view` class. The constructor, represented by a grey box, calls the `ParameterChangeHandler` function, represented by a white box, to register a parameter change handler.

pnlXBUF_view::ParameterChange
Handler
